Createspace, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Revised and updated edition! There are many books about famous bands and rock stars out there, but whatever happened to those musicians that did not become famous? These are the experiences of drummer-singer George Garrett and guitarist-singer Rick Lawton. They were on a crazy and unpredictable U.S. road tour in 1978, but as they were buddies and played in bands together in high school, their reminiscences go way back. What started out as a simple e-mail memory exchange grew into this book. If you have ever wondered what happened to all those club bands and musicians you (or your parents) used to go out to see, listen, and dance to (or even hang out with) back in the 70s, read on. You might get a clue from this book!.
