Leithy Mohamed Leithy (6p Consulting), 2016. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Passing the PgMP Exam: A Study Guide is developed to help you in passing the Program Management Professional Certification PgMP(R) Exam on your first attempt. The book is created based on the The Standard for Program Management - Third Edition which was PMI certified in 2013. Throughout this book, it will be referred to as the Standard Guide. By presenting a strong and proven study plan that aids with the remembering and understanding of the core concepts, and by providing the examinees with exam tips and tricks that help them grow a sense of what the exam is testing for, Passing the PgMP(R) Exam: A Study Guide paves the road for candidates to succeed in their examinations. This book has unique figures to visualize the program management domains and their relation with the program life cycle. Another unique feature of the book is that it has many tips and two set of exams; 170 questions each, with enough explanation for finding the right answer. This technique makes you more ready for the exam and more acquainted with the expected tricks. This book is different from others as it is the first to be created by an author who passed the PfMP(R), PgMP(R) and PMP(R) Exams, so this author knows how to pass the different exams from the PMI the first time. This book is different from the others as it contains...
