

Asking Good Questions: Case Studies in Ethics and Critical Thinking (Paperback)

Filesize: 8.21 MB

Reviews

It is in a single of the most popular ebook. It really is simplified but excitement in the fifty percent from the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Joy Langosh)

ASKING GOOD QUESTIONS: CASE STUDIES IN ETHICS AND CRITICAL THINKING (PAPERBACK)

Focus Publishing/R Pullins Co, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book. Asking Good Questions moves beyond a traditional discussion of ethical theory, focusing on how educators can use these important frameworks to facilitate critical thinking about real-life ethical dilemmas. In this way, authors Nancy Stanlick and Michael Strawser offer students a theoretical tool kit for creatively addressing issues that influence their own environments. This text begins with a discussion of key ethical theorists and then guides the reader through a series of original case studies and follow-up activities that facilitate critical thinking, emphasize asking thought provoking questions, and teach the student to address the complexity of ethical dilemmas while incorporating the viewpoints of their peers. Additionally, Stanlick and Strawser include an extensive preface, a mind-mapping technique for analyzing and formulating arguments, and a six step process for approaching complex real-life moral issues. Each chapter incorporates suggested assignments, discussion questions, and references for further reading, and a guide for instructors offering a sample course schedule and suggestions on how to use this book effectively is also available. This text is designed to help educators engage students in a meaningful discussion of how historical theories apply to their own lives, providing rich and unique resources to learn about these critical issues.
