Eq Perspective, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Countless deaths of African Americans at the hands of police officers have sparked national debate surrounding the legitimacy of these killings and the current state of race relations in America. Emotional Intelligence (EQ) anchors this book and is used in assessing several of these types of encounters including what occurred with Michael Brown, Eric Garner, Sandra Bland, LaQuan McDonald, Tamir Rice, Alton Sterling, and Philando Castile, to show the role of EQ in deescalating volatile situations, and allow for assessing whether perhaps the presence of EQ during the above mentioned police encounters might have resulted in different outcomes. While racism is oftentimes cited as the sole reason why many of these types of encounters end badly, without ignoring the lingering effects of racism in our country, the book provides insight into how perceptions and biases are formed, and how they in turn, impact one s thinking. A compelling argument is then made as to how an individual s actions are oftentimes guided by their respective belief system, which primarily stems from all that we have been exposed to during our lifetime. The book articulates why there has to exist a double-standard when it comes to police officers, and while many officers hold the same values and beliefs as others within our society, because of the need for society to have trust in the law enforcement profession for it to be effective, and the expectation that officers uphold their oath to protect and to serve the neighborhoods where they are assigned, they are not allowed the same discretion for failure to perform that a civilian might be afforded - nor should they. Finally, while acknowledging that there are far more good police officers who willingly...
