Artistic Templates assist all skill levels in honing their artistic skills and create true masterpieces. These are not mere coloring book pages but detailed scenes that allow your creativity to flourish. As you add life to the scene, the outlines recede, leaving only your creation to showoff and enjoy. The templates are designed to be used with any artistic medium so you can utilize your favorite brushes, paints, pastels, crayons, colored pencils, or other art supplies to see where your imagination takes you. Since we first looked to the heavens, humanity has been mesmerized by space and the stars. We have created shapes from the stars, created stories and tales from the shapes. In those stories we have sought comfort, understanding, and insight into the future. The secrets and mysteries of space have fueled technological advances and scientific insight for centuries. The relationship between humanity and the celestial sky is ever changing and limited only by the imagination. Join us as we sketch the templates and, you, interstellar traveler, provide the artistic color on this Journey to.SPACE.
