COSIMO CLASSICS, United States, 2005. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Animated by the vibrant, cheerful spirit of pre-World War I America, this 1916 guide to the philosophy of Otherfellowship is like Adam Smith meets Everything I Need to Know I Learned in Kindergarten: it s a directive to living with the kind of gung-ho American enthusiasm and expansive spirit that the Gilded Age was bursting with. From the one basic human law we all must follow- Be good! -to our immense and imperative duty to vote, this little book contains all manner of wisdom for relating to your fellow human beings: . Decent living. consists in not being frightened, not being fat, and not being sentimental. . It is precisely because it is predestined that friendship is at once mysterious and precious. . If your work hasn t in it the essential quality of being good for the Other Fellow, he will not pay for it. Loving thy neighbor was never so easy-or so entertaining-as pioneering self-help guru Thompson made it sound almost a century ago. VANCE THOMPSON (1863-1925) is also the author of Eat and Grow Thin and The Ego Book.
