Morgan James Publishing, United States, 2004. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. President George W. Bush s first term has been among the most consequential and successful in modern times. Under his leadership, the United States is waging and winning the war against global terrorism. The United States and its coalition partners liberated more than 50 million people from two regimes of extraordinary brutality that had provided safe haven to terrorists. And we are promoting democracy in regions of the world that have never known it. These achievements are anchored in a set of core beliefs: America is a defender and promoter of freedom - and the advance of freedom brings peace. We must lead the world with strength and confidence. Religion should not be banned from the public square. Government should encourage ownership and opportunity, compassion and responsibility. The proper role of government is to create the environment in which small business owners and entrepreneurs will take risks and invest, hire workers and spark economic growth. Such times demand a leader of clear convictions and determination, hope and vision, integrity and the courage to act. These qualities are the hallmarks of the Bush Presidency. There is much that remains to be done - yet as this document illustrates, an enormous amount has already been accomplished. President George W. Bush put forward a historically ambitious agenda and restored dignity to the office he holds. He has provided steady leadership in the face of unprecedented challenges. The United States is safer and stronger, more resilient and better for his efforts.
