Hay House, 2014. Paperback. Condition: New. David R. Hawkins details how anyone may resolve the most crucial of all human dilemmas: how to instantly determine the truth or falsehood of any statement or supposed fact. Dr. Hawkins, who worked as a 'healing psychiatrist' during his long and distinguished career, uses theoretical concepts from particle physics, nonlinear dynamics, and chaos theory to support his study of human behavior. This is a fascinating work that will intrigue readers from all walks of life! Man thinks he lives by virtue of the forces he can control, but in fact, he's governed by power from unrevealed sources, power over which he has no control. Imagine - what if you had access to a simple yes-or-no answer to any question you wished to ask? A demonstrably true answer. Any question . . . think about it - from the Foreword We think we live by forces we control, but in fact we are governed by power from unrevealed sources, power over which we have no control. - from the author's Preface The universe holds its breath as we choose, instant by instant, which pathway to follow; for the universe, the very essence of life itself, is highly conscious. Every act, thought, and choice adds to a permanent mosaic; our decisions ripple through the universe of consciousness to affect the lives of all. - from Power vs. Force '[A] beautiful gift of writing . . . [You] spread joy, love, and compassion through what you write. The fruit of these three is peace, as you know . . . ' Mother Teresa ' . . . particularly timely . . . a significant contribution to understanding and dealing with the problems we face today.' Lee Iacocca 'I especially appreciate [the] research and presentation on the attractor patterns of...
