The only thing that stands in the way of the King s total domination are the few remaining opposition forces in the Outer Wilds. A nuclear wasteland from the Royal War is the barrier that separates them on the surface. The Fallout Rebels are the poor guerrilla fighters that keep giving the more prosperous and organized Wellspring Rebels trouble. With competing visions and a mutual enemy they seem to find common ground in the help of one person in particular, The Mortician s Widow. Once married to the famed sniper and rebel hero, The Mortician, who had over 500 kills in the Royal Uprising, she s now disappeared into obscurity to exact revenge on the King who took her husband away from her. Known to be an expert sniper in her own right she signs on to help both groups of feuding rebels, but not all of them are as eager for a woman s help in a man s world. She ll play any side of the field to get a shot at the king, but will she get that chance stuck in the underground or get shot down instead?.
