This publication will never be straightforward to get going on looking at but really fun to see. This can be for all those who statte that there had not been a worth looking at. You wont really feel monotony at at any moment of your own time (that's what catalogs are for about should you request me).

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.If you ever plan on hiring a professional or company for any of the services listed below (or have already had such an experience), then this book is for you. Here is the list: - Application Design Development (IOS Android) - Graphic design - Illustration (Eg. digital artwork) - Website design - Website development - Search Engine Optimization (SEO) - Software development Now you may be asking why I am limiting the scope to these listed services? These are the areas I have personal experience in. There are many related and more specific services that could be added to this list. If I have not added them, that means I feel I am not qualified to discuss them here. If you see a service that has or will be something you will require in the future, then this book is for you. Please keep in mind that this book is not intended as a technical guide or other kind of manual that will teach you how to build a site. The purpose of this book is to help clients communicate their needs to a hired professional in the areas I listed above. Here are a few examples of who I want to address: - Have you hired someone to create a website, but they ripped you off? - Have you tried to get a logo designed, but it was a long way off from your expectations? - Have you had trouble getting adequate results from SEO services provided by an individual or company? - Did you commission an original digital artwork, but the artist failed to deliver what you were expecting? - Did you spend a great deal of money bringing your...
