Reviews

Good electronic book and valuable one. It is one of the most incredible publication we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.

Simon & Schuster Ltd. Paperback. Book Condition: new. BRAND NEW, Beyond the Crash: Overcoming the First Crisis of Globalisation (Export ed), Gordon Brown, Gordon Brown's book will offer insight into the events that led to the fiscal downward spiral and the reactions of world leaders as they took steps to avoid further disaster. The book will also offer measures Brown believes the world should adopt to regain fiscal stability. Long admired for his grasp of economic issues, Brown's book will be a work of paramount interest during these uncertain financial times and is sure to attract intense media coverage. The book offers a unique perspective on the financial crisis as well as innovative ideas that will help create a sound economic future and will help readers understand what really has happened to our economy. Mr Brown has this to say: "We now live in a world of global trade, global financial flows, global movements of people and instant global communications. Our economies are connected as never before, and I believe that global economic problems require global solutions and global institutions. In writing my analysis of the financial crisis, I wanted to help explain how we got here, but more importantly to offer some recommendations as to how the next stage of globalisation can be managed so that the economy works for people and not the other way around".
