Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Chronology of India: From the Earliest Times to the Beginning Os the Sixteenth Century The plan of arrangement followed in the present work is generally that of Fynes Clinton s Epitome of the Chronologies of Greece and Rome, with such modifications as the nature of the subject has made necessary. The book consists, therefore, of a table of events in chronological order. The marginal date represents the year B.C. or A.D. If only approximate it is printed in italics. Where a date for an event exists in a native era it is printed by the side of its equivalent marginal date, the source from which it is drawn, whether numismatic or epigraphical, being, as a rule, indicated. As regards the classification of the entries, the work follows Clinton s method in giving first the civil and then the literary dates. When several events occur under the same date, they are roughly grouped according to their relative importance. Events in Northern India take precedence generally of those in Southern India. Each entry is accompanied by references to the sources from which it is derived, save in the case of well-established and easily verifiable facts.
