HOW THEY CONQUERED ENGLAND

Grin Verlag. Paperback. Condition: New. 36 pages. Dimensions: 8.0in. x 5.3in. x 0.1in. Seminar paper from the year 2008 in the subject English Language and Literature Studies - Linguistics, grade: 1, 3, University of Potsdam (Institut fr Anglistik und Amerikanistik), course: Introduction to Middle English, 24 entries in the bibliography, language: English, abstract: The Modularbeit is concerned with questions of language contact between Old Norse and Old English in the region later Danelaw, which might have influenced the modification of Old English third person plural pronomina with base h into a new form with the base th, as we still know it today: they, them, their. Walking through the streets of York several years ago, I was welcomed by a fierce-looking crowd of Vikings running towards me. In my case, though, the horde was just a group of actors commemorating regional history. At the end of the 8th century, Scandinavian Viking armies conquered different territories in Europe. England was attacked by Danish Vikings starting in the 780s . After several years of mere raiding, 851 marked their first stay during winter. The Danish conquests developed into a permanent settlement in some parts of England and finally led to a treaty signed in 886 between a Danish leader and the king of Wessex, then central power of England. The treaty acknowledged the Danish rule over Northeast England, the territory later being called Danelaw . The Danish influence ceased until 954 , but linguistic evidence of this contact with the Danes remains incorporated even in Modern English . One remarkable feature of this evidence is the English system of the third-person plural personal pronouns they, them, and their, whose development shall be examined more closely in this paper. In Modern English, they plays an important role. On one hand, it can be used...
