

## Informal Introduction to Stochastic Processes with Maple (Mixed media product)

Filesize: 7.04 MB

### **Reviews**

*This created book is wonderful. This is for all those who statte that there was not a worth reading. Your way of life span will likely be enhance as soon as you comprehensive looking at this publication.*  
*(Jesse Yundt)*

## INFORMAL INTRODUCTION TO STOCHASTIC PROCESSES WITH MAPLE (MIXED MEDIA PRODUCT)

[DOWNLOAD](#)

Springer-Verlag New York Inc., United States, 2012. Mixed media product. Condition: New. 2013 ed.. Language: English . Brand New Book. The book presents an introduction to Stochastic Processes including Markov Chains, Birth and Death processes, Brownian motion and Autoregressive models. The emphasis is on simplifying both the underlying mathematics and the conceptual understanding of random processes. In particular, non-trivial computations are delegated to a computer-algebra system, specifically Maple (although other systems can be easily substituted). Moreover, great care is taken to properly introduce the required mathematical tools (such as difference equations and generating functions) so that even students with only a basic mathematical background will find the book self-contained. Many detailed examples are given throughout the text to facilitate and reinforce learning. Jan Vrbik has been a Professor of Mathematics and Statistics at Brock University in St Catharines, Ontario, Canada, since 1982. Paul Vrbik is currently a PhD candidate in Computer Science at the University of Western Ontario in London, Ontario, Canada.
