Close to 90 of Canadians say they still believe in God, yet less than 15 go to church on a regular basis. Why is there such a disconnect between church and culture? **They re Just Not That Into You: The Church s Search for Relevancy in the 21st Century** explores this question. Author Stephen Harper delves into the curious shift that has occurred in western society, studying the cultural nuances affecting the church s ability to significantly influence the world around it. So is there a solution? **They re Just Not That Into You** investigates this reality and offers some practical solutions. Through rich theological reflection, sociological evaluation, scientific survey and sharing the stories of rooted Christian communities, Stephen Harper offers the Canadian - and global - church a valuable resource for engaging and adapting our faith practices for the advance of the missio dei in our post-modern, pluralistic realities. We need churches who are willing to release their agenda s in submission to the work Jesus desires to do in the lives of the individuals and communities we have been called. Harper s work and experience offers a framework through which to do just that. -- Jon Huckins is on staff with NieuCommunities, is theCo-Founder of The Global Immersion Project author of *Thin Places Teaching Through the Art of Storytelling*.
