

Creative Learning and Career: Some Ideas about Not Getting a Job (Paperback)

By Peter Fritz Walter

Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Creative Learning and Career presents a fresh approach to brainsmart effective learning and career design, for young audiences. The book doesn't offer quick fixes for developing your career. It presents an approach to raise the awareness level of the whole of the person. The author contends that true self-help must encourage the reader to be critical in the first place, and develop their self-thinking abilities, which is one quality of several when designing a first-hand life and becoming truly responsible for your destiny. To be critical means to question tradition and authority, in the first place and to rely on your god-given gifts and talents. We are all unique individuals, with each of us coming into the career arena with a treasure box of personal talents and skills. While our educational systems do not encourage our individuation, nor acknowledge our individuality, we need as creative people swim against the stream and develop ourselves not because, but despite we received a good education. The main focus of the guide is upon developing and using creativity as a primary tool for personal growth and...

Reviews

This publication will never be effortless to begin on studying but extremely entertaining to learn. It is probably the most incredible publication I have gone through. I realized this ebook from my mom and dad suggested this publication to learn.

-- Austin O'Connell

A must buy book if you need to add benefit. It is really intriguing through reading time period. I am pleased to tell you that here is the very best book I actually have studied in my very own lifestyle and may be the finest ebook for at any time.

-- Ms. Lora West Jr.
