## EARLY STATISTICS FUNDAMENTALS (PAPERBACK)

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Descriptive statistics and inferential statistics are considered, including one- and two-factor ANOVA as well as the chi-square tests for Goodness of Fit and Independence. At the end of confidence interval and hypothesis test chapters there is a section containing mixtures of various types of problems so students need to figure out how to handle problems without the usual context clue of similar problems being grouped together. The text contains a balance...
