Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Dominoes and Dice: A Brief History of These Games With Descriptions of Their Variations and Methods of Play, Accompanied by Rules and Illustrations It might seem hazardous, therefore, to those not generally familiar with games, to introduce dominoes and dice into one's house; but, as a matter of fact, they are quite as innocent in character as cards or chess: These latter can be, and Often are, entered into. With the intention Of gambling, rather than for the intellectual enjoyments which good play always affords. The question, to be or not to be a game of chance, rests with the individual who desires to learn dominoes or dice, rather than the author, who trusts, however, that this little book will be received in the spirit in which it is issued, and the games herein described added to the list Of simple pastimes in every home it enters.
