AUTHENTICATION AND KEY ESTABLISHMENT

Condition: New. Publisher/Verlag: VDM Verlag Dr. Müller | No Silver Bullet | The need for Authentication and Key Establishment (AKE) can be realized in a variety of applications in computer and communication networks where two or more entities need to communicate over shared communication media. The fundamental question addressed by this book is: How to enable two or more entities to communicate securely? The computing and communication environments in which AKE is needed affect the overall design of the solution. In...
