When she learns his tragic story, she vows to clear his tarnished name, not realizing theirs is a connection years in the making. **BENEATH STILL WATERS (Part One):** An old legend tells of a beautiful witch unjustly persecuted who became a ghost bent on revenge. The danger lies in not believing. On a sorority camping trip in the Colorado Rocky Mountain National Park, Becca scoffs at the story of the Ghost of Still Waters, despite the convictions of her fellow campers, Liz and Shane. When Liz challenges her to summon the witch's spirit, will Becca's disbelief seal her fate? **RISING ABOVE (Still Waters Part Two):** Imagine you've lived before, but don't remember or believe it's even possible. Therein lies the danger. For in not believing and learning from your pasts, the power shifts to the one who would see you dead. Again. Ryan James never gave much thought to ghosts or the idea of reincarnation-until the appearance of the beautiful Ali Whitman triggers terrifying visions that feel like real life. As he pieces together their past lives, he discovers they aren't the only players. Worse, if he can't convince Ali to believe before their past adversary makes the next move, he'll lose her all over again.
